Seattle Seminary & College

HISTORY
The Seattle Seminary and College has been in successful operation since March, 1883. During this period of time it has been under the same management and has made a remarkable growth. It has won its way and taken high rank among the best educational institutions of the Pacific Coast. The institution is incorporated under the laws of the State of Washington and its management placed directly in the hands of nine trustees. The President and Faculty, under the direction of the trustees, have the entire charge of the courses of study and discipline of the school. The growth of the institution has not been of a spasmodic nature, but rather the result of strict and conscientious observance of basic principles underlying educational work.

AIM
The founders of the Seattle Seminary and College had a clearly defined and intelligent object in view in establishing this institution of learning. They were men of splendid ability, sound judgment and deep piety. They believed that the greatest need of this age was the creating of that type of character that would produce the best citizenship. They also believed that this could not be accomplished without a well enlightened, Christian manhood. They planned to open the way for young men and women to secure thorough culture and a liberal education in the arts and sciences under the most advantageous moral and religious influences. It is expected that the young people thus educated within the walls of Seattle Seminary and College will be thoroughly equipped to discharge the duties devolving upon them as American citizens.
This is not a theological nor a technical school, and is in no sense sectarian. Sectarian dogma has no place in the curriculum or management of the school. Students are received from all denominations.

LOCATION
The school is located in the beautiful city of Seattle. One of the main boulevards passes the corner of the campus. The center of the city may be reached by street car within but a few minutes ride. This great city of more than a quarter of a million people and the metropolis of the northwest, with its varied activities, push, and enterprise, furnishes an unexcelled place to young people in quest of an education. Seattle is far famed as the most healthy city of its size in the world. The magnificent scenery of Puget Sound is unsurpassed. Numerous beautiful islands dot these waters and a pleasure trip on a yacht or sail boat cannot be forgotten.

BUILDINGS AND GROUNDS
The Administration Building is located in the center of the eight-acre campus and is a modern structure of pressed brick. In this building all the activities of the school are carried on. Here are the large Assembly Hall, chapel for religious worship, office, library, laboratories and recreation rooms, all well equipped.

The Young Ladies' Hall is of modern architecture and new. It is located at the extreme north of the campus and faces one of the main avenues. In this building are a large parlor, beautiful reception hall with tiled floor, large dining room with fireplace and mantel, music room and sleeping rooms. The bedrooms are provided with large windows, have hot and cold water, and are lighted by electricity. The building furnishes a most attractive place for the young ladies during their educational career. Many social functions are held in the spacious parlor of this hall during the year. A lady teacher acting as Assistant Preceptress has the direct management of this hall and exercises painstaking interest in the happiness and general welfare of the young ladies who live here.

The Young Men's Hall is a substantial four-story brick structure. The rooms are large and pleasant. This building has 40 rooms, a large parlor and furnishes a very enjoyable home for the young men attending school. It is under the management of an experienced, painstaking Preceptor and his wife who always plan to see that every comfort will be given to those living in the hall. This building is located at the south of the campus and commands a view of the grounds and other buildings.

Two smaller buildings are used, one for the younger boys, and the other for the younger girls. These buildings are well managed and the students of more tender years carefully guarded. The buildings are heated with steam, lighted with electricity and are modern and up-to-date.

THE CAMPUS
A well planned campus is a most desirable asset to any institution of learning. The Seattle Seminary and College is especially favored in this respect. The eight acres of ground, beautifully arranged and set with ornamental shade trees, flowers and shrubbery, with many winding walks and paths, make this one of the beauty spots of our attractive city. These grounds are being improved from year to year and elicit many compliments from admiring friends.

GOVERNMENT
It is planned, as far as possible, to have the government of the school homelike in its nature. The students
are brought in daily contact with the members of the faculty. They mingle in class rooms, in social and religious gatherings, in the dining hall, and upon the grounds. This association is most wholesome for the student. Students of injurious habits or bad influence are not permitted to remain as members of the school family. It is not so much the desire of the promoters to have a large enrollment as it is to have young people of sterling worth and high ideals. With this end kept constantly in view it would be difficult to find a place where higher ideals of life are constantly held before the students.

RELIGIOUS LIFE

The school always emphasizes the importance of a definite religious experience. The founders believed that a nation could not long survive without the elements of experimental and practical Christianity. The Bible will always have a most prominent place in the instruction of the school. Devotional exercises for the entire school family are held each morning in the chapel. Family worship is conducted each morning and evening in the dining room. Special religious meetings are held each Tuesday night in the chapel for the benefit of the students. All students are expected to attend these meetings. A splendid missionary society has been organized. This is kept up largely by the students and the work is voluntary. Special meetings in the interest of missions are held one a month.

STUDENT AFFAIRS

The Associated Students is an organization composed of all the students of the College and Academic departments, the Seventh and Eighth grades, and the members of the Faculty. This association controls the student activities of the school. All students who enter the Intermediate and Academic departments are regarded as members of the Alex- andrian Literary Society. They are expected to respond loyally and promptly when appointed to take any part on the literary programs. This society meets once in four weeks, on Friday evenings. The Alpha College Club is the literary society of the college students. It holds its meetings once in two weeks. The young ladies and young men of the school each have separated organizations, the Alethepian Literary Society and the Philopolemic Debating Club respectively. They hold their regular meetings every two weeks on Friday evening. The Tennis Club was organized in 1910 and it now has a good membership. It has one excellent court and expects to have a second one finished this fall. Any student or member of the Faculty may become a member by paying an initiation fee of $1.00. The Student Missionary Society and the Intercollegiate Prohibition League are two well organized Societies and are doing excellent work. The Cascade is a monthly magazine published and printed by the Associated Students of the school. The regular subscription price is $.75 for the school year.

BOARDING DEPARTMENT

This department is under the management of a competent matron. The table is well furnished with abundance of wholesome food and with as great variety as the market affords and the nominal charge permits. The constant aim is to eliminate institutional features as far as possible and to make everything homelike and pleasant. Students from abroad are required to board in the institution.

SELF SUPPORT

Seattle Seminary and College has no aristocracy save that of merit. The students who are dependent upon the work of their own hands have as much attention as would sons of millionaires. The institution believes in the dignity of labor and hence the opportunities afforded for a number of industrious students to pay their expenses in part by work. Those who are planning to take
advantage of this opening should correspond and make arrangements at as early a date as possible, as the positions are quickly filled. The school does not promise work to all students, but the management is always glad to put forth a special effort to secure positions in the neighborhood for as many as possible.

GENERAL SURROUNDINGS

Seattle Seminary and College is especially favored in this respect. The immediate neighborhood is strongly Christian. Many comfortable homes are gladly thrown open to the students, who soon become acquainted and count themselves as a part of the community. A large church is situated directly across the street from the campus. The local pastor takes special interest in the welfare of the students. A large Sunday school thoroughly organized and well conducted is a special feature of interest. The entire north end of the city in which the school is located is under prohibition law by a special act of the legislature. The environments from social, educational and religious viewpoints are unexcelled.

College of Liberal Arts

Students applying for admission must furnish testimonials of good moral character. Candidates for admission without condition must offer at least fifteen units of work in a preparatory school. A unit is defined as the amount of work completed in one academic subject pursued through a school year of at least thirty-six weeks, with five recitations per week.

The following units must be offered for all courses:
- English, 4 units.
- Mathematics, 2½ units.
- History, 1 unit.
- Physics or Botany, 1 unit.
- Total, 8½ units.

To enter the course leading to the degree of A. B. the following additional units must be offered:
- Latin, 4 units.
- To enter the course leading to the degree of B. S. the following additional units must be offered:
- German, 2 units.
- History, 1 additional unit.

The remainder of the fifteen units required for entrance may be made up from the subjects ordinarily pursued in the high school work.

A student may be admitted to the College:
1. By presenting a diploma from an accredited preparatory school.
2. By presenting a certificate from a high school whose standard of work is equal to that of the preparatory school of this institution.
3. By transfer of credits from other schools or colleges.
4. By examination.

Accredited Schools: Students from accredited schools are admitted to the Freshman class without examinations, provided they file with the Dean a certified list of subjects.
for which they have received credit in a preparatory
school.
Entrance by Certificate: Certificates from principals
of other high schools or academies will be accepted
when satisfactory evidence is presented that the grade of
work in these schools is equal to that done in our own
preparatory school.
Entrance by Transfer: Students may transfer to
this College from other institutions of recognized stand-
ing by presenting a certificate of honorable dismissal and
a certified list of credits received.
Entrance Examinations: Examinations of Candidates
for admission will be held at the College on the registra-
tion days in September.
Special students, not candidates for degrees, may be
admitted to College classes provided they present sati-
sfactory evidence that they are prepared to pursue the
subjects advantageously. Such students will be given a
certificate of the studies pursued, but will not be entitled
to a diploma.
The following courses of study, each extending
through four years are offered: The Classical and
the Latin-Scientific Courses, leading to the degree of
Bachelor of Arts, and the Scientific Course leading
to the degree of Bachelor of Science.
The total requirement for the bachelor's degree is
128 credits. One credit is given for the satisfactory com-
pletion of work equivalent to one recitation a week dur-
ing one semester.
No student is permitted to register for less than twelve
or more than sixteen credits in a semester during the
Freshman and Sophomore years, nor more than eighteen
credits a semester in the Junior and Senior years.
REGISTRATION.
All candidates for admission must present themselves
at the office of the dean on the registration days as speci-
fied in the calendar and submit their credentials for en-
trance to the College. A matriculation card will be is-
sued to each new student. After consultation with the
dean the student will register for the courses of study
desired for the ensuing semester. Immediately after regis-
tering he will present the matriculation and registration
cards at the office of the President and arrange for the
settlement of his tuition and fees.

Special Announcement
as to Registration

If our patrons will turn to page 8 of this catalogue, they will note that September first and second are set aside as registration days.

A committee of the faculty will be in the Principal's office, in the Administration Building, on the above mentioned dates to receive all students, or parents of students, and to give all necessary information as to courses of study, books or school expenses. All students in the college, academic and seventh or eighth grade courses should attend to their registration and selection of courses of study on one of these days.
The Academy

THE ACADEMY

The Academy is a secondary school of high efficiency. Its purpose is to prepare students for admission to college and to afford those who do not wish to enter college a general education in the arts and sciences. It offers five courses four years in length, three of which prepare for entrance to the leading colleges and universities.

Any student of good moral character who has completed the work of the eighth grade of the public school or its equivalent, will be admitted to the Academy and assigned to such classes as he is qualified to enter. Students are requested to bring certificates or diplomas from other schools in which they have studied.

Thirty-two credits are necessary for graduation and must include required work.

BIBLE STUDY

The purpose and method of Bible Study is primarily educational. The material of the Bible enters so largely into modern literature and life, and its ethics have become the standard of conduct to such an extent, that familiarity with it is essential to any real education. It is hoped, also, that such a study of it as one makes in the Seminary will lead to a larger appreciation of the worth of the Book as a guide to life and cultivate a desire for a deeper insight into its truths.

   Steele's Outlines of Bible Study. Supplementary work in Hurlburt's Bible Geography. An Elective course.

ENGLISH

Moulton's Old Testament Stories to page 200.

I. Homer's Iliad (Lang, Leaf, and Myer's Translation) Homer's Odyssey, in part (Butcher and Lang Translation), Shakespeare's Merchant of Venice, Scott's Ivanhoe, and Lady of the Lake, Irving's Sketch Book.
   Text, Scott & Denny's Elementary Composition supplemented by Brooks.

   Text Scott & Denny's Composition and Rhetoric, supplemented by Brooks.

III. Chaucer's Prologue to the Canterbury Tales and the Knight's Tale, Spenser's Faerie Queene, Shakespeare's Macbeth, Milton's L'Allegro, II Penseroso, Comus and Lycidas, Bacon's Essays, Visar of Wakefield, Dickens' Tale of Two Cities, or David Copperfield, Palgrave's Golden Treasury.
   Text, Halleck's English Literature, supplemented by Long, Brooks' Composition.

IV. Classics—Emerson's American Scholar, Webster's First Bunker Hill Oration, Washington's Farewell Address, Burke's Speech on Conciliation, Shakespeare's Hamlet, Macauley's Johnson, Browning's Shorter Poems.
   Texts, 1st Part Painter's American Literature supplemented by Long; 2nd Part, Painter's Literary Criticism.

GERMAN

I. German First Year.
   Fraser and Vander Smissen German Grammar, supplemented by other texts. Short stories for reading material. Special drill in pronunciation, memorizing and conversation.

II. German Second Year.
   Joyce & Wesselingh's German Grammar. German classics for translation, and attention will be given to the application of the principles of German grammar. Drill in memorizing and conversation continued. The aim in these courses is to help the student to read, write and speak German.

HISTORY

The department contemplates not merely lesson setting and lesson hearing but the imparting of such knowledge as may help the student to see the trend of events and to understand present conditions in the light of the past. A selected library of original and secondary sources is available for collateral work.

IV. Economics. Discussions and assignments. Text, Burch and Nearing.

The history courses are largely elective, but it is expected that all who graduate will take American History and Civics.

LATIN
First year: Collar and Daniell's "First Year in Latin."
(1) This course is intended to lead to a thorough knowledge of the fundamental forms of expression in Latin.
Special attention is paid to pronunciation. Daily drill in paradigm work, and frequent reviews.
(2) Reading and parsing of five chapters of Caesar. Five periods a week throughout the year.
Second year: Harper and Tolman's Caesar.
(1) Gallic War, books I-IV.
(2) Prose composition, taken largely at beginning of the year to prepare student to meet the ordinary difficulties of translation.
(3) Reading of Froude's "Caesar: A Sketch."
Third year: Allen and Greenough's Cicero.
(1) Three orations against Catiline. Pro Lege Manilia and Pro Petia Archia.

II. Botany. Text, Coulter with reference work in Bergen and other texts. The course in Botany will give reasonable attention to the study of the habits, structure and life operations of plants. The aim of the course is to place the student vitally in touch with plant life in the field. Equipment includes six compound microscopes.

III. Physics. Text, Carhart and Clute, supplemented with Millikan and Gale. A study is made of the properties of matter, mechanics of solids, mechanics of fluids, sound, heat, light, magnetism and electricity. Pre-requisite, Algebra and Geometry. Equipment includes Hartl Optical Disk, Vacuum Pump, Photometer, co-efficient of expansion apparatus, Atwoods Machine, three Laboratory Balances, two Joly Balances, three Wheatstone Bridges, Galvanometers, three Resistance Boxes, Boyle's Law apparatus, three Sponometers, Electrophorus machine, Aneroid Barometer.
Department of Elocution

We have been most fortunate during the past five years in securing the services of Mrs. Harriet Colburn Saunderson, O. M., as head of this department. Mrs. Saunderson's complete training and wide experience are invaluable. She graduated from the Emerson College of Oratory. She next studied the Sargent system, Harvard, and later the Swedish system under Baron Posse. Her success as a teacher was so marked that within two years she was called to Smith College, Northampton, Mass., today the largest women's college in the world. Later when Professor Saunderson was called to the University of Wisconsin, Mrs. Saunderson was appointed University Extension Lecturer upon Physical Education, giving courses of lectures in Milwaukee and other cities. For five seasons she has taught, lectured and read at Monona Chautauqua Assembly. Courses of Study—A Brief Outline

I. Daily practice in Voice Culture, Physical Culture, Bodily Expression and Gesture. Rendering literature for delivery with the use of the Emerson College of Oratory system.

II. Literature and Rhetoric. Bible and Hymn Reading.

Recitals—Public recitals are given three times a year. Tuition—
Twelve Lessons, once a week $5.00
Private Lessons, one half hour .75

Department of Music

INSTRUMENTAL MUSIC

Miss Odelia Rustad will continue in charge of the department of Instrumental Music. Instruction will be given to those who wish to take lessons on the piano or organ. The Pianoforte course is designed to lay a thorough foundation and to prepare for advanced study in the best conservatories. Pupils desiring to take a regular course will be required to take one or two piano lessons per week and to attend a general class once a week in which Hand Culture, Notation, Blackboard Work, Sight Reading, Rhythm, Ear Training, Memorizing, Scale and Chord Formation, etc., are taught.

The course will include First, Second and Third Grades, New England Conservatory Methods, and a study averaging five pieces each of the following composers: Bach, Handel or Scarlatti, Mozart, Hayden or Clementi, Beethoven, Schubert or Weber, Schuman or Mendelssohn, Chopin, Liszt. Modern composers: Brahms, Grieg, Tchaikowsky, MacDowell, etc.

One year of Harmony, including keyboard work, will be necessary to complete the course. Informal recitals will be given frequently, and a public recital at the close of each semester. An examination will be held at the close of each semester. One credit per semester will be given for successful work in this department.

CHORUS WORK

W. W. Cathey, Director

The choral class will meet once a week. One-half credit a semester will be given for this work. A Public Oratorio will be given during each semester. Tuition: $1.00 per semester.

CLASSES IN SIGHT READING

These classes will be under the direction of Mrs. May Colson Newton. The singing classes will meet twice a week, and the students who attend regularly and do satisfactory work will receive one-half credit per semester. Tuition: Free.
Art Department

Drawing and painting will be taught by Miss Eva Signor, who comes to us highly recommended. Since finishing the high school course she has taken advanced work at the Tadema Art School and with Prof. Harrison Henrich.

A regular course has been outlined in charcoal, pencil, pointing and water colors.

Painting in oil will be given in College Art. Two hours per week for the year in class will entitle the student to one credit.

Tuition:
$.50 per lesson in the Academy course.
$.75 per lesson in College Art.

Domestic Science

This department will be under the direction of Mrs. A. L. Beers; Instructor, Mrs. M. E. Dutton.

Classes will be organized in cooking and baking.

Class demonstrations will be given monthly, and a public demonstration once during each semester.

Two hours a week for the year in the class and notebook work will entitle the student to one credit.

A moderate fee will be charged to cover the cost of materials.

In the above courses two credits will be given for each study which is pursued a whole year. Six recitations per week, making thirty-two credits in all for the completion of a course of study.

Students in the classical course who desire may elect Greek or German in place of history. Instruction in Domestic Science given without extra charge, and, if continued one year under direction of the instructor, one credit will be allowed.
Grammar Department

This department includes the work ordinarily pursued in the grades. The eight grades are in charge of a principal and four assistant instructors.

Students who remain during the Holiday or Spring
SEATTLE SEMINARY & COLLEGE

vacations will be charged regular rates for board.
Owing to the fact that the salaries of teachers and
helpers of the institution are paid during vacations as well as at other times, and the buildings and grounds
must be cared for, no reduction will be made on board during holidays, nor for any absence excepting in case
of prolonged illness.
A deduction of 50% per cent in tuition will be
granted to children of missionaries and of ministers engaged in
the regular work.
A deposit of $5.00 will be required of each boarder for
breakage or damage to property. This amount is to be refunded or applied on general expenses where the
student is not held responsible.
No student will be permitted to transfer furnished
rooms from one room to another without permission.
All students from abroad will be required to
remain at the Seminary, unless in special cases the President consents to other arrangements. The President shall always be consulted before any such arrangements are
made.
On reaching Seattle students should take the north
bound Fremont-Ballard, or West Woodland, cars on First Avenue to the corner of Kilbourne Street and Third Avenue West. The Seminary buildings are three blocks
south. Bring baggage checks to the Seminary. Do not send them to agents on trains.

ADMISSION

Applicants for admission to the first year of the Academical courses must present certificates of promotion from
the eighth grade or furnish satisfactory evidence that the
above mentioned work has been completed.
Students entering any of the grades must present a written statement as to their standings in schools when they have pursued their studies or take an examination before entering upon their work.

PROMOTION AND GRADING

Two general examinations are held yearly and in

as possible thereafter report cards are handed to
the students for the inspection of their parents. These
examinations, in connection with the daily recitations,
determine the pupil's rank and promotion.
Grading will be indicated hereafter by figures. A
standing of 75 is necessary to obtain credit for any study
pursued.
A pupil is considered a full member of the Senior
Class when he is pursuing a course of study which, if
successfully completed, will entitle him to a diploma at
the end of the year.
Likewise, one is a full member of a class only when
the successful completion of his year's work will give him
promotion in full to the next higher class.
While a pupil normally acts in inter-class contests
with the class in which he has the largest number of hours
of recitation, yet none except full members of a class, as
prescribed above, are entitled to the special privileges
granted to a class.

GRADUATION

Thirty-six credits are required for graduation. Thirty-
two credits are required in either of the regular Academic
courses outlined in this catalogue and four additional
credits for required work in Bible study.
A student will receive a diploma of graduation, who
has fully completed the work in one of the regular courses
of study and who, having been regularly promoted to
the Senior year, shall receive no mark lower than 75 in
any required subject of that year. No diploma will be
given for less than one full year's work in the school.
An equivalent amount of work done on any part, or the
whole, of the first three years of a regular course will be
accepted, on proper evidence, for work done in the
school.
A diploma will not be awarded to a student whose
course of study is not fully completed.
As a requirement for graduation, students must have
uniformly high standings in deportment, in punctuality
and in class work.
It is the purpose of the institution to place a premium on good scholarship and morals, and any one who shows a disposition to become delinquent in these respects will be obliged to sever his relations with the institution.

CO-EDUCATION

The history and results of the school and of education in general, we believe, prove beyond question that the plan of educating young men and women in the same institution is pre-eminently the natural plan and that it is productive of the best results intellectually, socially and morally.

WORK FOR STUDENTS

It has always been the policy of this institution to encourage those students who find it necessary while in attendance at school to work in order to pay necessary expenses. A limited number of places for work are open to students of both sexes. Applications for these places should be made at the earliest possible opportunity. Students are not permitted ordinarily to work for more than half-board. It is understood that those who take these places will continue in the school throughout the year, and if, through any exigency, it becomes necessary to leave, a month's notice must be given. Students who are temporarily absent must provide substitutes to do their work during each absence.

A deposit of $5.00 will be expected of every worker to pay for breakage or damage to property. This amount to be refunded when the worker is not held responsible for breakage, or damage to property during the year.

FURNISHINGS

The rooms are furnished with bedstead, mattress and springs, and such other furniture as is necessary for comfort and convenience. All bedding, pillows, rugs and carpets, curtains, and brica-braca must be provided by the patrons. It adds greatly to the happiness of the students to bring plenty of bedding and such articles as shall make their rooms tidy and beautiful.

TO PARENTS AND GUARDIANS

The discipline of the school is firm but kind, formative rather than punitive. It is directed to the formation of correct habits and right principles.

The work of the school is thorough and practical. The spirit of earnest endeavor and honest pride in one another's success pervades the place. The moral tone of the school is high. The best evidence of these and other advantages of the school is to be found in the loyalty and good opinion of its neighbors, patrons and alumni.

The chief aim of the school is to develop strong, self-reliant characters. To realize the highest possibilities of the future, it is necessary to have the right start. Not so much the number of years, or the precise course pursued, but the spirit of cheerful and faithful work, the self control developed, the self denial exercised, the power of steady application acquired—these will decide the real strength of the adult.

Punctuality in attendance upon every exercise is expected—the loss of a single recitation may prove detrimental to the progress of the student.

Students will not be permitted to visit home during either semester, or to visit other places, except by written request of their parents. No student will be expected to visit home oftener than once per month.

No pupil can honorably withdraw from the Seminary unless excused by the President.

A pupil, by the act of enrollment, agrees to abide by the regulations of the school.

No pupil whose home is outside of Seattle will be allowed to room outside the institution without the permission of the President.

No pupil will be permitted to drop a study or change his course without the permission of the Principal in charge of the Academic department.

Absence or tardiness on the part of a day pupil must be explained by written note from his parents.
Laundry work may be done at a regular city laundry. Agents collect work and deliver it at the students' rooms. The young women of the institution are provided with facilities for doing their own laundry work in the basement of one of the buildings.

Students at the Seminary are not permitted to wear jewelry.

All articles of dress should be plainly marked to avoid loss at the laundry.

But little spending money should be furnished students above that required to meet necessary expenses.

Special attention is paid to the general health of the students. No pork, tea or coffee is used at the institution.

The use of tobacco is prohibited.

No student will be excused from examinations except in case of sickness, in which case special examinations will be given at a nominal cost.

The dress of the students should be warm and comfortable, but simple and inexpensive. Each student should be provided with a good waterproof coat or cloak, rubbers and umbrella. All the young ladies are expected to dress in a modest and simple manner as may be suggested by the Preceptress.

REGULATIONS

1. Cheerful obedience to each member of the Faculty, quietness in the buildings and courtesy in behavior will be required of all.

2. Each student will be expected to keep his own room in proper order, and to have due regard to neatness in person.

3. Students will be held responsible for injuring or defacing the buildings, furniture or other property, and will be required to pay all expense incurred in repairing such damage.

4. Language or conduct unbecoming to a Christian school will not be allowed.

5. Students are expected to attend religious services on the Sabbath. Those boarding in the building will be expected to attend services at the Seminary on the Sabbath and one during the week.

6. All students will be expected to observe regular study hours outside of school sessions.

7. When students desire to leave the Seminary grounds, permission must be obtained from the President or Preceptress.

8. Visitation between the sexes will not be allowed except in places designated for general social interview.

9. Match games of baseball and all games of chance are prohibited.

10. At the close of the school year, students will be expected to return home at once, unless satisfactory arrangements have been made with the President by the parents.

11. All books and other reading matter brought into the school are subject to the inspection of the President.

12. Resident students must present written excuses for absence from regular school sessions.
