Dear Folks,

We received your letter yesterday. I guess that our letters must have crossed on the way. It was good to hear all of the news from Toddville.

It is 10 P.M. and bed-time but I wanted to write and let you know what to plan for your anniversary. Jake has a meeting scheduled for every week-end [sic] for several months so feels that it would be impossible for him to come. We had both promised to be in Oak-dale for their Junior-Sr. banquet speakers + some youth mtgs. on the week-end [sic] of the 22-24th. If you wouldn't mind post-poning [sic] your celebration to the following week-end [sic] (29-31st) I would bring Mark + Carol + come up by train for a few days. If this would spoil your plans - why go ahead as planned - I would like to be there if possible.

Paul + John have their spring vacation April 5th to 15th. We are thinking of having John's tonsels [sic] out during that time. He doesn't seem to hear

well a lot of the time.

I'm eager to see the re-modeled
school-house

Say hello to everyone and write to
let me know what you plan.

Jake is getting ready for final
exams + then his trip to Oklahoma.
He flys [sic] to Florida for the Doolittle
reunion in April.

We're all well.

Love,

Florence
