Dear Folks,

It was good to get your letter yesterday and I will be expecting the package in a day or so.

It is a dreary, rainy day here but sometimes quite warm. We planted some rye and kale in our little garden plot - we thought that it would be a good fertilizer + green feed for the rabbits. The foliages [sic] which you gave us are doing fine but the (gloxinia) died. We have some roses still in bloom.

Carol has climbed in bed for her nap. She dresses her self [sic] now and is getting quite grown up. It doesn't seem possible that she'll be 3 next wk.

Mark is learning to write his name so thinks he's pretty smart - Paul + John like school. Paul has a new bicycle with gears to shift and John inherited Paul's other one. They ride them to school.

Revival Mtgs. started last night at the college. I'd like to go some if I

can. Tonight we have our first  
Suzannes Mtg. (Free Meth. student wives W.M.S. [Free Methodist Women's Missionary Society]). I am  
helping with J.M.S. [Junior Missionary Society] on Sunday after-  
noons. Jake isn't quite as busy this  
yr. It's good to have him home for  
part of the week-ends. [sic]

You mentioned about moving a  
school-house. [sic] Did Dad ~~by~~ buy one?  
What for? etc. etc.

It's good that Phyllis is enjoying  
school this year. Does she have  
any plans for Thanksgiving vacation?  
We'd love to have any or all of you  
come here again if possible - I wouldn't  
try to drive, though, It's too big a  
strain. You could leave Wed. P.M. on the  
train + get here Thursday A.M. and we  
could meet you in Lexington or if  
you feel real brave you might fly to  
Blue Grass Airport in Lexington. Talk  
it over! We can sleep 3 or more.

Your Sunday School sounds like  
it's booming - are they building

yet? It's surely nice that you got  
Pickerings back again.

Are Junior, Fran + kids still with  
you? I suppose that Clark will be  
walking before long.

Does Margaret get any vacations?

It would be nice if she could come to see us sometime. She worked for Zula quite a few days when Harold was killed didn't she? We'll try to make it up there for Christmas if we can afford it. I don't know yet when the kid's vacation will begin.

I must close + get to work.

Love to all,

Florence
